PROPERTY MANAGEMENT

The Brandywine Building / 1000 N. West Street

Property Managed by **B P G** | 3 6 0

BPG | 360 is a **full-service real estate asset and property management company** that strives to exceed the expectations of every tenant and owner they serve. The company actively manages more than six million square feet of commercial properties in the Maryland to Philadelphia office corridor, which includes properties both in The Buccini/Pollin Group's portfolio as well as those controlled by third-party owners. BPG 360's commercial operations team effectively touches every aspect of property management. With a 25 year history of managing commercial, hotel, retail and residential properties, every member brings their own experience and ideas to the table to provide an exceptional business model. BPG 360 is all about providing best in class customer service to the owners we represent, the tenants we serve, the vendor partnerships we culture and the fellow associates we work with every day.

BPG | 360 boasts one of the east coast's deepest benches of professionals with a very broad talent base of real estate and mechanical backgrounds. Our core team experience includes master electricians and plumbers, crafted painters, HVAC engineers, and landscapers along with experienced property managers, tax and financial analysts, construction managers and law enforcement personnel. It brings together top executives with experiences from the nation's leading real estate companies. This team marries their institutional backgrounds with a very entrepreneurial and pro-active tenant-focused platform.

The team maximizes the value of its assets with a hands-on, progressive management approach, enhancing financial performance through increased operating efficiency, asset repositioning, and rehabilitation strategies. The BPG 360 team carefully designs custom strategic plans to meet the challenges and opportunities faced by each specific property while optimizing value and performance based on the owner's specific goals.

FITWEL CERTIFICATION

The Brandywine Building / 1000 N. West Street

What is Fitwel?

Fitwel is the world's leading certification system committed to building health for all®. Generated by expert analysis of **5,600+** academic research studies, Fitwel is implementing a vision for a healthier future where all buildings and communities are enhanced to strengthen health and well-being.

Fitwel was originally created by the **U.S. Centers for Disease Control (CDC) and Prevention and U.S. General Services Administration**. The CDC remains the research and evaluation partner for Fitwel. The Center for Active Design was selected as the licensed operator of Fitwel, charged with expanding Fitwel to the global market.

Fitwel's Seven Health Impact Categories

Impacts Surrounding Community Health – Strategies that impact surrounding community health, effectively broadening the impact of development projects past the health of on-site occupants—reaching those who live, work, play, or learn in the neighboring areas.

Reduces Morbidity and Absenteeism – Strategies that reduce morbidity and absenteeism, thereby promoting decreased rates of chronic disease and mental health conditions—e.g., a healthy office with reductions in disease transmission and fewer missed days of work.

Supports Social Equity for Vulnerable Populations – Strategies that support social equity for vulnerable populations, including children, elderly, disabled, or socio-economically disadvantaged persons—e.g., increasing access to health-promoting opportunities through universal accessibility, pricing incentives for healthier food options, targeted health-promoting amenities, and enhanced access to public transportation.

Instills Feelings of Well-Being – Strategies that instill feelings of well-being and promote inclusion, relaxation, and perceptions of safety—e.g., rejuvenating and clean spaces, an enhanced connection to nature, and opportunities for social engagement.

Enhances Access to Healthy Food – Strategies that enhance access to healthy foods provide occupants with expanded availability to fruits, vegetables, and other nutritious food options—e.g., diversifying outlets and sources of food, promoting healthier choices, and reducing the cost of healthier options through pricing incentives.

Promotes Occupant Safety – Strategies that promote occupant safety—e.g., decreasing the risk of crime and injury, protecting bicyclists and pedestrians from vehicular traffic, and increasing stair safety.

Increases Physical Activity – Strategies that increase physical activity and incorporate opportunities for movement into everyday life—e.g., encouraging active transportation, promoting stair use, or expanding access to indoor and outdoor fitness areas and equipment.
